## Success Story

Elementary Education is every child's birth right. Unfortunately, there are too many kids who go to school but do not get basic stationary such as school bags, notebooks, pencils, erasers, pens, colour boxes, etc. We, Ummid Foundation - Hope for Human, are trying our best to reach out to many such kids in every possible way. We distribute bags, stationary material free of cost, amongst the kids living in slums as well as less privileged kids studying in government schools. **More than 750 kids have benefitted from this program.** Every kit costs approximately Rs. 175/-. The stationary kit suffices their annual requirement. Ummid's Supporters have helped us in this activity of ours. We aim to reach out to maximum students, so that their wish to study is fulfilled and doesn't get affected because of lack of stationary. Each year we aim to target double the count of the previous year.
